VI. **PROCEDURE:**

A. **General Considerations:**

1. Payment of tuition and fees may be deferred until the end of the term on a case-by-case basis if the technical college has confirmation of the student's eligibility for financial aid from a government entity, business/industry, work-study, foundation, or other source of financial assistance. Students who have not made payment for all assessed fees should be encouraged to sign authorizations allowing these fees to be taken out of state and/or federal student aid or obtain a third party agreement. After all payment options have been exhausted, students with unpaid fees by the payment deadline must be purged from enrollment records for the term. The payment deadline shall be no later than the 7th instructional day of the term.

2. The State Board shall annually review and establish tuition charged by all technical colleges. Local colleges should recommend annually to the Commissioner for approval all fees.

3. All State approved tuition and fees shall be charged unless exempted by other TCSG Board policies or procedures.

4. Student fees shall be considered a source of revenue when developing annual budgets. Any revenues exceeding budgeted estimates shall be amended into the annual operating budget during the course of the fiscal year.

5. The technical colleges shall publish all student fee charges and refund policies in appropriate catalogs and other mediums accessible by students and the general public.

6. Tuition will be assessed up to and including 15 credit hours each term. Technical colleges will not charge tuition for hours taken over 15 credit hours.

7. Each college shall be responsible for the verification of the lawful presence in the United States of every successfully admitted student applying for Georgia resident tuition status as required by state and federal immigration laws.

8. Each college shall be responsible for compliance with state and federal immigration laws pertaining to the eligibility for public benefits, including but not limited to in-state tuition and state programs administered by TCSG that have been identified as public benefits.
9. TCSG students will not be charged a proctoring fee for distance education by another TCSG college. Students choosing to utilize a proctor outside of the TCSG are responsible for finding a qualified proctor (approved by their institution). Any fees associated with the utilization of an external proctor are not controlled by TCSG and are solely the responsibility of the student.

B. Georgia Students:

1. Students who are classified as Georgia students under TCSG’s residence policies and procedures will be charged the rate of tuition set for in-state students by TCSG.

C. Out of State Students:

1. Students who are classified as Out of State students under TCSG’s residence policies and procedures will be charged a rate of tuition twice that charged for students who are classified as Georgia Students.
2. The Commissioner or President may approve exceptions to this provision, provided:
   a. A written statement of reason is on file or there is evidence of a written reciprocity agreement with appropriate institutions in another state.
   b. The Commissioner may approve agency wide exceptions to this policy under certain circumstances. (i.e. National Emergencies, etc.)
3. Under no circumstances shall Out of State students be charged tuition or fees lower than the fees charged Georgia Students.
4. All fees, other than tuition, shall be at the same rate for all students.
5. Out of State Students shall be enrolled in the college on a space available basis and shall not displace any Georgia Student desiring to enroll in the college.

D. Non-Citizen Students:

1. Non-Citizen Students shall not be classified as Georgia Students for tuition purposes unless lawfully present in this state and there is evidence to warrant consideration of that classification. They are to be charged a rate of tuition four times that charged for students who are classified as Georgia Students.
2. Lawful permanent residents, refugees, asylees, or other Eligible Non-Citizens as defined by federal regulations may be extended the same consideration as citizens of the United States in determining whether they qualify as Georgia Students.

4. All fees, other than tuition, shall be at the same rate for all students.
5. Non-Citizen students shall be enrolled in the college on a space available basis and shall not displace any Georgia students desiring to enroll in the college.
6. Under no circumstances shall non-citizen students be charged tuition or fees lower than the fees charged out of state students.

E. Waiver of Student Tuition and Fees:

1. The Commissioner grants presidents, or their designee, the authority to waive mandatory and non-mandatory fees, with the exception of the “instructional and support technology fee.” The “instructional and support technology fee” may be waived only under the following circumstances:
a. Faculty, staff, and administrators participating in staff development activities related to the employee’s job or career in the organization and studying at a technical college within the Technical College System of Georgia. The employee must meet the applicable admissions standards and have received the appropriate prior authorization from their president or assistant commissioner.
b. For transient students enrolled in more than one technical college during the same term, only the home technical college shall charge the instructional support and technology fee. If the transient student is not attending the home college, the college at which the student registered first, will charge the fee. The student is responsible for providing proof of payment to the remaining colleges in which they are registered. In this case, the home college will not charge the fee. All other transient students shall pay the instructional support and technology fee.

2. All waivers of student tuition and fees not addressed specifically in State Board Policy 6.6.1. Student Tuition and Fees, or in this procedure must be approved by the Commissioner. Written documentation for each waiver must be maintained by the college.

3. A record of all waivers shall be maintained by the college in the BANNER Student Registration and Account System. Pursuant to the procedures authorized by the Commissioner, the technical college president may waive tuition for students on a term-by-term basis. The number of waivers shall not exceed five percent of the head count of the student enrollment at the technical college in the immediately preceding fall term.

4. Notwithstanding any provision in this policy, no person who is unlawfully present in the United States shall be eligible for any waiver of the tuition differential.

F. **Exemption of Mandatory Fees for U.S. Active Duty Military, Military Reserve and Georgia National Guard Combat Veterans:**

1. Eligible participants must be Georgia residents who are active members of the U.S. Active Duty Military, Military Reserves and/or the Georgia National Guard and were deployed overseas for active service in a location or locations designated by the U.S. Department of Defense as combat zones on or after September 11, 2001, and served for a consecutive period of one hundred and eighty-one (181) days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable TCSG college and be accepted for admission.

2. Upon request, eligible participants shall receive an exemption of all mandatory fees charged by TCSG colleges for a term for which all students are required to make payment.

3. Students receiving this exemption shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food service, any other elective fees, special fees, or other user fees and charges (e.g., application fees).

G. **Exemption of Tuition and Fees:**

1. Upon request, Georgia Students sixty-two (62) years of age or older who are otherwise qualified may attend technical colleges, for credit courses only, without charge or payment of the standard tuition rate on a space available basis.

3. Tuition and fees for all dually enrolled or jointly enrolled high school students or dually enrolled adult education students, up to the amount not covered by HOPE or Dual Enrollment Funding, may be exempted. If a college utilizes this option, it must apply to all dually or jointly enrolled high school students or dually enrolled adult education students attending the college for the time frame the exemption applies.

4. Presidents have the authority to exempt all fees including the “instructional and support technology fee” for military members using tuition assistance.

5. Presidents have the authority to exempt up to 36 months of tuition and fees toward the award of an associate’s degree, diplomas, or certificates, for military members awarded the Purple Heart or higher combat decoration (Bronze star with valor, Silver Star, Coast Guard Cross, Navy Cross, Air Force Cross, Distinguished Service Cross, or Medal of Honor), their spouses, or their legal dependents up to 26 years of age. In order to qualify, students must first exercise all potential financial aid options available (Pell, VA benefits, Hope grant, etc.).

6. Mandatory and non-course related fees not covered for Dual Enrollment students must be exempted. Course related fees and supplies, not including book(s), may be assessed.

7. Notwithstanding any provision in this policy, no person who is unlawfully present in the United States shall be eligible for any exemption of the tuition and applicable fees.

H. Refunds of Tuition and Fees:

1. Students withdrawing from a course no later than the end of the sixth instructional day of the term and no shows shall receive a 100% refund of applicable tuition (hours below the 15 hour tuition cap) and applicable refundable fees, excluding the application fee. Exceptions may be allowed for customized courses that do not follow the college’s standard academic calendar. Technical colleges may have a deadline sooner than the sixth day depending on their academic calendar. Colleges must notify students of each semester or module’s deadline.

2. Students who withdraw from a course after the college’s designated day of the term shall receive no refund.

3. For those students receiving federal financial aid, the technical colleges shall make available consumer information that may be found at https://ifap.ed.gov under the appropriate aid year’s Federal Student Aid Handbook. Although there will be no refund of tuition and fees after the college designated day, withdrawing students receiving Federal Pell Grant will have awards adjusted in compliance with the Return to Title IV process (R2T4) outlined in the Federal Student Aid Handbook.

4. Students utilizing Tuition Assistance (TA) through the Department of Defense (DOD), who withdraw from any course before the 60% point of the term, will have unearned funds returned on a proportional basis to the TA program. The calculation will be based on: number of days completed divided by total days in the enrollment period (semester). Participating Technical Colleges are required to adopt and implement the procedure in Attachment 1.

I. Refunds of books and supplies:
1. No refunds shall be made for used supplies and equipment such as cosmetology kits, diskettes, tools, and uniforms.
2. Refunds shall be made for books that are returned in new condition and accompanied by a receipt in accordance with the college’s book refund policy. The book refund policy shall be prominently posted in the technical college bookstore.
3. Technical colleges that have contracted out their bookstore operations shall ensure that the contractor adheres to the college’s book refund.
4. No refund shall be made for books issued to students participating in the Dual Enrollment program.

THE ALABAMA COLLEGE SYSTEM AND THE
GEORGIA POSTSECONDARY VOCATIONAL EDUCATION SYSTEM

WHEREAS, many communities, although separated by state boundaries, are
inextricably involved in mutually supportive cultural, community, and economic development
activities; and

WHEREAS, excessive out-of-state tuition may not only deny many residents of Georgia
and Alabama access to quality postsecondary education, it is also counter-productive to the
economic development of our respective states; and

WHEREAS, many residents of Georgia and Alabama are employed in their neighboring
states; and

WHEREAS, through a cooperative, collaborative effort the Georgia postsecondary
vocational institutions and the Alabama postsecondary academic institutions can provide
students in each state with comprehensive educational opportunities without the necessity of
creating new postsecondary institutions in many communities; and

WHEREAS, the Alabama State Board of Education has authorized Dr. Charles L.
Payne, Chancellor, to develop reciprocity agreements whereby out-of-state tuition surcharges
are waived for students of a contiguous state under the same terms and conditions as out-of-
state tuition surcharges are waived for Alabama residents by said contiguous state; and

WHEREAS, the Georgia State Board of Postsecondary Vocational Education has
authorized Dr. Kenneth H. Breeden, Executive Director, to approve out-of-state tuition waiver
reciprocity agreements with appropriate institutions in a contiguous state provided there is a
written application submitted by the institutions, that out-of-state students will be admitted only
on a "space available" basis, and the costs of tuition and fees for an out-of-state student will not
be an amount less than that paid by residents of Georgia:

NOW, THEREFORE, BE IT RESOLVED, That I, Charles L. Payne, representing the
Alabama public community, junior, and technical colleges as authorized by the Alabama State
Board of Education, and that I, Kenneth H. Breeden, representing the Georgia public
postsecondary vocational institutions as authorized by the Georgia State Board of
Postsecondary Vocational Education do hereby agree that students who attend a public

Georgia resident students; and

BE IT FURTHER RESOLVED, That this reciprocity agreement for waiver of out-of-state
tuition will become effective Summer Quarter 1986 and will continue in effect until cancelled by
either party or successors thereof provided that if cancelled all nonresident students enrolled
under the terms of this agreement will be allowed to complete the program under the terms of
this agreement entered into on May 9, 1986, in Phenix City, Alabama, and Columbus, Georgia, by:

Signed by
Charles L. Payne, Chancellor

Note: This agreement is undated.
Return of Military Tuition Assistance:
Military Tuition Assistance (TA) is awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of TA funds originally awarded. To comply with Department of Defense (DOD) policy, Technical College will return any unearned TA funds on a proportional basis through at least the 60% point of the payment period (term) for which the funds were provided.

TA funds are earned proportionally during an enrollment period, with unearned funds returned based upon the point in the term at which a student stops attending. If a service member stops attending due to a military service obligation, Technical College will work with the affected service member to identify solutions that will not result in a student debt for the returned portion.

Return policies apply to students who withdraw on or before the 60% point of the term. The 60% point is indicated on the published college calendar as the last day to withdraw with a W. Discontinuing enrollment after the 60% point will not result in an adjustment to the student’s Tuition Assistance for that term. All unearned funds will be returned to the respective military service branch—not to the service member—within 45 days of the date of determination of the withdrawal. The student may be responsible for repayment of any unearned funds.

Return of Funds:
Technical College will be required to return some or all of the TA awarded to service members that did not complete at least 60% of each course. The student then owes the College the amounts that were returned to the proper branch of the military on their behalf. The student may also be required to return/repay some portion of the TA received as a refund by the student.

Calculation of TA Returns
Technical College operates on a semester schedule which includes -week full term courses and -week mini-session courses within the full semester. Technical College recalculates TA eligibility for students who fail to attend, stop attending, officially withdraw, or are dismissed prior to completing 60% of the enrollment period. The enrollment period is computed from the “classes begin” date to the “last day of classes” date listed on the college calendar. Recalculation is based on the percent of aid earned using the following formula:
Number of Days Completed / Totals Days in Enrollment Period = Percent Earned.

The schedule for returns is as follows:
(Please note, the scale below is approximate; actual return amounts will be calculated for each student based on the date of determination of withdrawal.)

(Weeks in College semester) -week Full Semester
Course withdrawal submitted:
Before courses begin or throughout the drop/add and no-show period (week 1): 100% return
During week 2: 90-99% return
During weeks 3-4: 80-89% return
During weeks 4-5: 70-79% return
During weeks 5-6: 60-69% return
During weeks 7-8: 50-59% return
During weeks 8-10: 40-49% return
During weeks 10-____: 0% return (60% of course is completed)

__(Weeks in College Mini Semester)-week Mini Session

Course withdrawal submitted:
Before courses begin or throughout the drop/add and no-show period (week 1): 100% return
During week 2: 70-85% return
During week 3: 60-69% return
During week 4: 45-59% return
During week 5: 40-45% return
During weeks 5-____: 0% return (60% of course is completed)

Following the drop/add period, returns are calculated and scheduled based on the actual number of days attended using the formula above. The percentage amount of a student’s TA that matches the percentage of actual attendance will be returned.
