A fall cohort is tracked through the following academic year for retained or graduated students. Students in a cohort are retained if they enrolled in any postsecondary institution included in the National Student Clearinghouse (NSC) during the following academic year or graduated from any such institution during the two-year period. The fall cohort (denominator) includes first-time students (full-time or part-time) at that college during the fall or summer semester, excluding prior high school dual enrollment. Students must be regular admits only (not provisional, developmental, or special admit) and may not be high school or transient student type. All major codes are included, including students who are not enrolled in an award program, e.g. IA00.
